

The background of the slide is a photograph of a lush, green landscape. In the foreground, there are dense, vibrant green plants with large, feathery leaves. In the middle ground, there is a dense forest of tall, thin trees. In the background, a house with a red roof is visible, partially obscured by the trees. The overall scene is bright and sunny, with a clear sky.

Movement for Universal Health Integration and Liberation

STREET CLINIC

**MEDICAL ATTENTION ANYWHERE!
ANYTIME!!**

Medical Care & Health Delivery System in the villages for the Poor

The clinic-centered, hospital oriented medical system must give way to people-centered, community oriented health system.

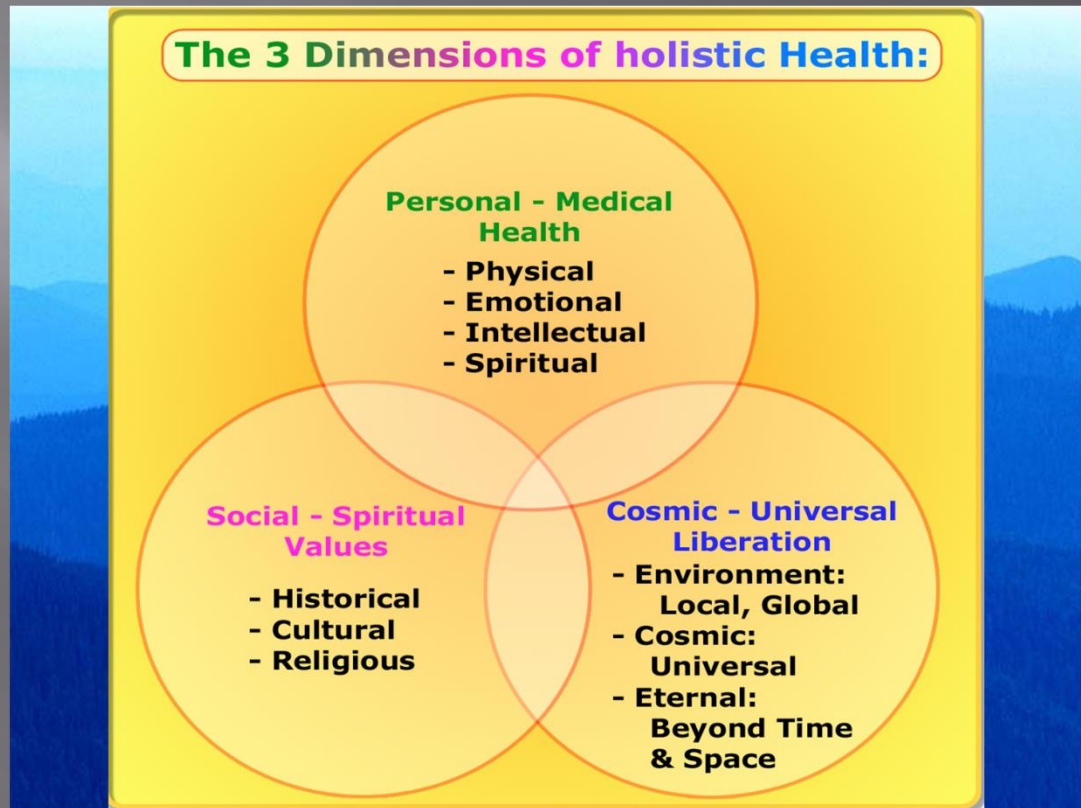

**HEALTH FOR PEOPLE IN THEIR VILLAGES
AT THEIR DOOR STEPS**

Universal Health Integration & Liberation is Personal – Social – Cosmic

Holistic Health implies
Integration of
Traditional Medicine &
Modern Medical
Progress.

When the gifts of nature
are understood properly
to nourish our lives,
then any imbalance in
our health may be
rectified through
natural medicines:
Herbal & Aromatic
Crops as internal &
external remedies.

MUHIL HEALTH CENTRE, SOUTH INDIA

**This centre works as a hub for the villages all around.
We cover an area of more than 30 square kilometers
reaching into more than 86 villages; more than 40 villages
depend on MUHIL for their Health & Medical Care
Services.**

Drought/Floods & Debt make farmers to abandon agriculture: wasted farm lands

“Alternative world is possible, urgent & necessary”
– Dr. Michael Jeyaraj

WASTED FARM LAND – LESS THAN 1 HECTARE WAS CONVERTED INTO MUHIL GARDENS

Priority Task: Control of Soil Erosion through Rain Water Harvesting System

People were reluctant to accept new ideas.

We had to demonstrate by doing it ourselves in Muhil Gardens.

People could not believe their eyes at the amount of water after a few days of monsoon rain.

Compost Production & Land Reclamation

Mr. Peter Proctor & Rachel Pomeroy from New Zealand trained us in Bio Dynamic Agriculture

Mr. Jaison J Jerome continues to train our farmers

With cow dung for compost production & waste coconut choir we have been able to rejuvenate soil for cultivation.

CPP Manure & Nursery Houses

Cow dung is being prepared for CPP Manure

Bio Dynamic Preparations are made use of for farm inputs

Twice in the year over 50,000 plants can be prepared in our Shade Houses for farmers in the villages

To promote bio diversity, vegetables, fruits, herbal & aromatic plants along with timber trees are being promoted in our nurseries
